 (Examiner/SPE Signature)

 (Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Applicant will amend claims 1 and 37-39 to more accurately recite the graphical relationships between the potential energy graph and the energy dissipated graph. The subject matter of claim 13 will be incorporated into claim 12, so as to overcome the Sugimoto reference, specifically, the recitation of the adjustable gap between the stator and rotor. Claims 40-44 will be amended to recite the function of the energy dissipating mechanism, i.e., "for enabling a person to attain automatically a descent speed of less than 4 feet per second." Claim 45 will be amended to delete the phrase "cocoon-like".
